

Yakima Basin Science & Management Conference

June 16th-17th, 2010 @ CWU's Science Bldg. Rm. 147

Sponsored by: Central Washington University, Bonneville Power Administration, Yakima/Klickitat Fisheries Project, Bureau of Reclamation, and Yakima Basin Fish & Wildlife Recovery Board

Wednesday June 16, 2010			
8:00	Registration		Overview & Keynote
8:30	Welcome to the Yakima Basin Science & Management Conference		
8:45	Dave Fast- YN Fisheries	Overview of Fisheries Activities in the Yakima Basin	
9:00	Alex Conley- YBFWRB	Overview of Habitat Activities in the Yakima Basin	
9:30	Eric Quaempts- CTUIR	Natural Resource Management from a tribal 'first foods' perspective	
10:30	Break		
11:00	YBFWRB Phase 3 Panel Presentation		
11:45	Lunch		
1:00	Joel Freudenthal- Yakima Co.	Nile Slide	Spring Chinook
1:20	Andy Dittman- NOAA Fisheries	Spatial and temporal interactions of hatchery and natural origin upper Yakima River spring Chinook spawners	
1:40	Jeremy Cram- UW	Salmon spawning site selection relative to habitat conditions near acclimation facilities	
2:00	Ryan Klett- UW	Longitudinal patterns of fine sediment infiltration and implications for Chinook egg-to-fry survival	
2:20	Chris Johnson- WDFW	Precocious Male/Egg Box	
2:40	Curt Knudsen- Oncorh Consulting	Effects of Domestication on Hatchery & Wild Yakima Spring Chinook Phenotypic & Demographic Traits: What Have We Observed So Far?	
3:00	Break		
3:20	Steve Schroder- WDFW	The reproductive behavior and breeding success of hatchery and wild spring Chinook salmon spawning in an artificial stream	Spring Chinook
3:40	Todd Kassler- WDFW	Spring Chinook Pedigree	
4:00	Don Larsen- NOAA Fisheries	Are we seeing domestication selection associated with precocious male maturation in Yakima spring Chinook salmon?	
4:20	William Meyer- WDFW	Beaver Reintroduction	
4:40	Joel Freudenthal- Yakima Co.	Wapato Reach/Yakima County FCZD	

List of Affiliates:

YN= Yakama Nation

KCT= Kittitas Conservation Trust

UW= University of Washington

YKFP= Yakima/Klickitat Fisheries Project

CTUIR= Confederated Tribes of the Umatilla Indian Reservation

USFWS= United States Fish & Wildlife Service

YBFWRB= Yakima Basin Fish & Wildlife Recovery Board

NOAA= National Oceanic & Atmospheric Association

Yakima Co.= Yakima County
Oncorh Consulting

MCRFEG= Mid Columbia Regional Fisheries Enhancement Group
WDFW= Washington Department of Fish & Wildlife

Yakima Basin Science & Management Conference

June 16th-17th, 2010 @ CWU's Science Bldg. Rm. 147

Sponsored by: Central Washington University, Bonneville Power Administration, Yakima/Klickitat Fisheries Project, Bureau of Reclamation, and Yakima Basin Fish & Wildlife Recovery Board

Thursday June 17, 2010			
8:30	Scott Nicolai- YN Fisheries	Taneum Habitat Restoration Projects	Summer/Fall Chinook & Coho
9:00	Pat Monk- USFWS	Taneum PIT Tag Array	
9:20	Melinda Davis- YN Fisheries	Summer/Fall Chinook Program	
9:40	Todd Newsome- YN Fisheries	Coho Program	
10:00	Break		
10:20	Anthony Fritts- WDFW	Coho salmon/rainbow trout interactions in Taneum Creek	Ecological Interactions &
10:40	Gabe Temple- WDFW	Risk Management Monitoring of Non-Target Fish Taxa	
11:00	Mike Porter- YN Fisheries	Bird & Fish Predation	
11:20	Chris Frederickson- YN Fisheries Gabe Temple- WDFW	Yakima Basin Steelhead VSP	
12:00	Lunch		
1:00	Tim Resseguie- YN Fisheries	Expanded Toppenish Steelhead	Ecological Interactions &
1:20	Dave Myra	Yakima Tributary Access & Habitat Program	
1:40	Carol Ready	Reecer Creek Floodplain Restoration	
2:00	Scott Blankenship- WDFW	Genetic structure and adaptation of Columbia River Basin steelhead and rainbow trout	
2:20	Break		
2:40	Bill Bosch- YN Fisheries	Kelt Reconditioning	Ecological Interactions &
3:00	Brian Saluskin-YN Fisheries	Cle Elum Passage	
3:20	David Gerth- KCT	Lower Cle Elum Engineered Log Jam Project
